

# Floating Roof Top Oil skimmer

## VENS Floating Funnel Skimmers

**Floating Funnel Gravity  
Flow Skimmers**

**FLoating AUto Suction  
Oil Skimmers(FLAUS)**

**Floating Roof Top Oil  
skimmer**

**VENS' MAGNUS** Floating Funnel Roof Top Oil Skimmer is a specialized oil skimming model which is attached with movable roof of tank. Float adjustments are provided to adjust the funnel based on floating oil level.

The funnel skimmer is connected with flexible braided hoses which are installed in a spiral manner inside the tank. This spiral arrangement make the braided hose set to fold and expand. The other end of braided hose is connected with oil collection outlet at the bottom of the tank.

### Oil Removal Rate

50 m3/hr to 100 m3/hr

### Material Of Construction

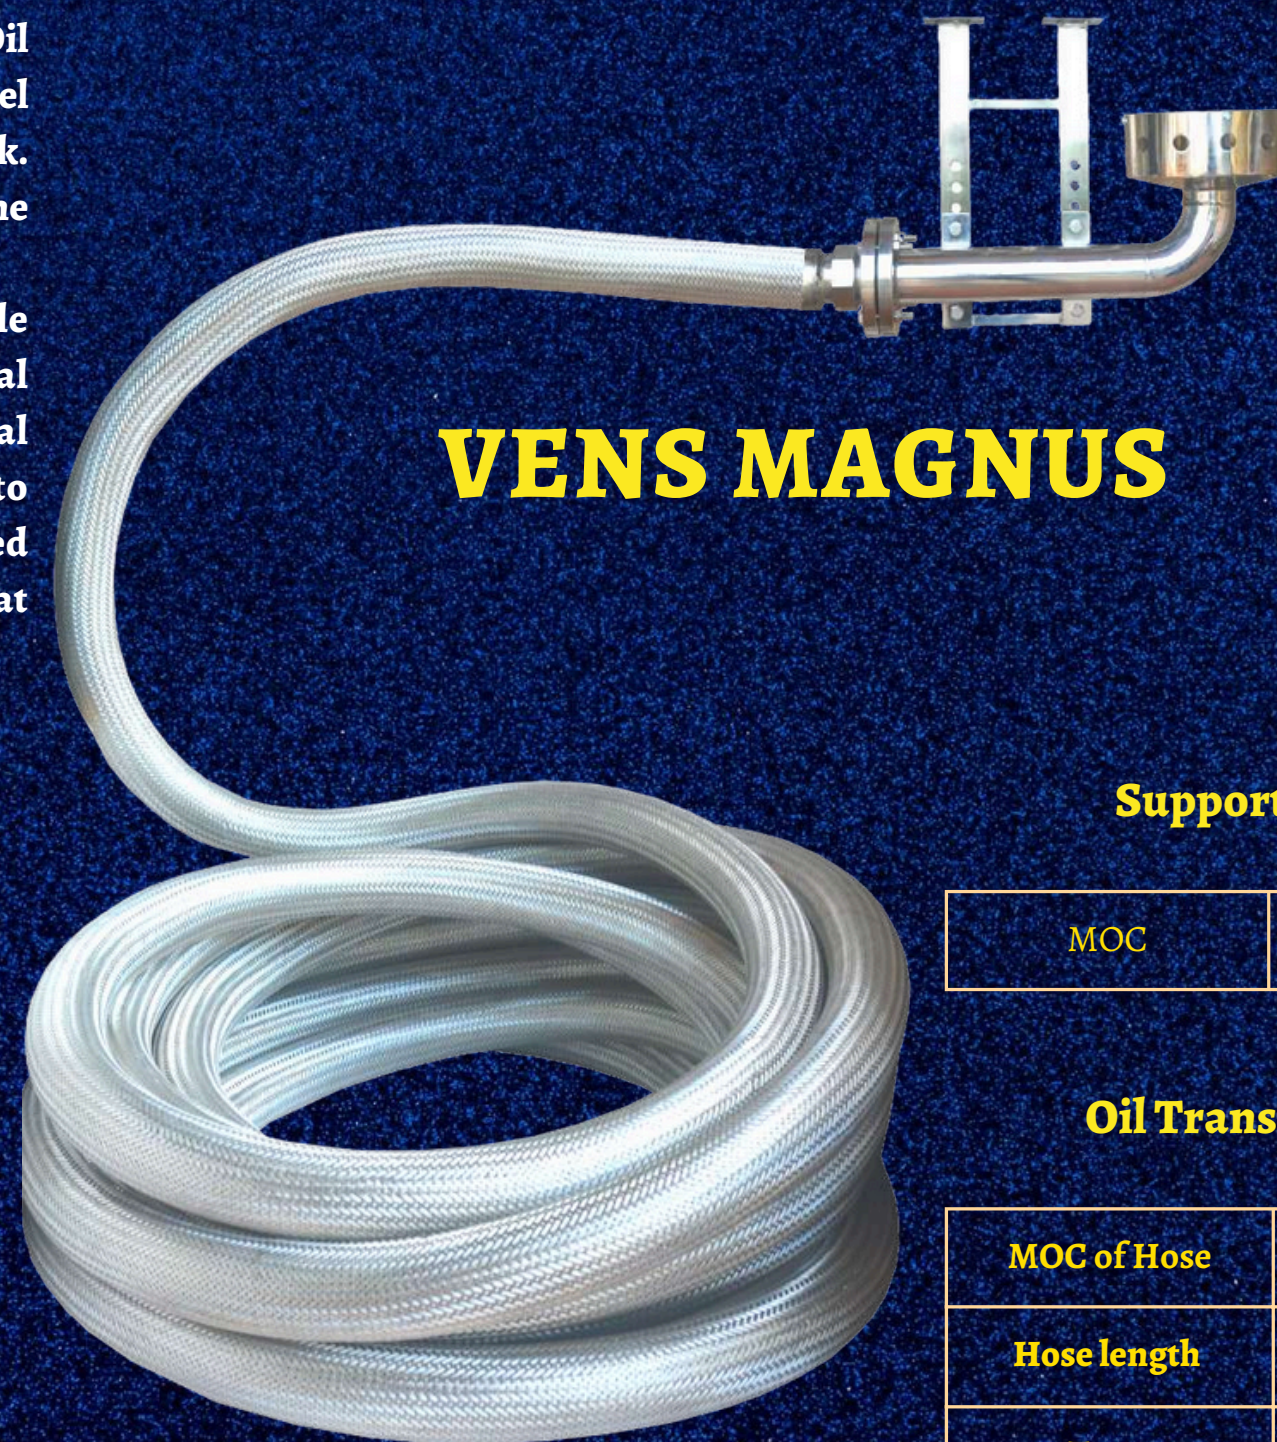

Funnel : SS 304/SS 316

Oil transfer Braided hose : PVC/SS 304/SS 316

Frame : SS 304/SS 316

### Funnel with frame

Product	Description
<b>MOC</b>	SS 304
<b>Inlet hole size</b>	1" x 12 Nos.
<b>Opening size</b>	12"
<b>Delivery size</b>	4"
<b>Outlet pipe size</b>	4" NB

## VENS MAGNUS
